

# JUNKYARD DRIVE

## ***Backseat Baby***

*(From Black Coffee)*

### ***[Verse 1]***

I'm gonna find myself a midnight lover  
Before we hit the road  
Gonna find a girl who takes my offer  
Cause i ain't going home alone  
I look around, and i've found my baby  
Dancing on the floor  
With blue hair, she's looking crazy  
Just what i'm searching for

Let me get a little closer  
Look me in my eyes  
Tension like a supernova  
We're gonna spend some time

### ***[Chorus]***

On the  
Backseat baby, Backseat baby  
Join for a ride, and i'll show you around  
Backseat baby, Backseat baby  
Give me some love, don't be shy it's alright  
Backseat baby, Backseat baby  
Join for a ride, and i'll show you around  
Backseat baby, Backseat baby  
You're my backseat baby tonight

### ***[Verse 2]***

Burning eyes, she's on fire  
Looking for some fun  
Come with me, and i'll take you higher  
Than the morning sun  
Clock is ticking, it's getting late now  
So darling take my hand  
No one knows what will ever happen  
On the backseat in the van

Let me get a little closer  
Look me in my eyes  
Tension like a supernova  
We're gonna spend some time
